case studies and strategies for more effective multi generational management clash of the generations explores this new and increasingly common workplace phenomenon and provides strategies to help managers navigate this ever more complex maze traditionally older workers would retire and make room for the next generation instead baby boomers are now prolonging their time in the workplace yet the successive generations are still coming in senior leaders are now left to manage a blended workplace comprised of up to four generations each with their own ideas of work ethic work life balance long term career goals and much more management is challenging at the best of times but the new prevalence of generation gaps sometimes even layered add an entirely new dimension to an already complex responsibility this book presents case studies and interviews with representatives of companies with age diverse workforces detailing innovative strategies for smoothing out the bumps and helping everyone work together managers have long wished that their

positions came with an instruction manual and this book delivers with a host of effective inter generational management strategies illustrated by real world companies manage the multi generation workplace more effectively navigate the generational culture clash adopt proven strategies for helping everyone get along promote a more positive culture amidst clashing expectations every generation in the workplace has value each has their own strengths their own weaknesses and their own unique talents each is indispensable and when they come together as a synergistic force they can be unstoppable effective management means bringing out the best in your workforce and the strategies presented in clash of the generations help you streamline your varied workforce into a team more valuable than the sum of its parts

investing with impact why finance is a force for good outlines the roadmap to reinvigorating a skeptical public and demoralized financial services industry by making the case that contrary to popular misconception finance is not the cause of the world's problems in fact it can provide the solution author jeremy balkin presents the case that the finance industry can improve the state of the world by positively influencing the allocation of capital investing with impact explains the methodology of balkin's 6 e paradigm opening the toolbox to this revolutionary framework for the first time in so doing balkin expands the impact investment universe enabling mainstream capital to flow where opportunities generate positive investment returns and have demonstrable social impact described by the huffington post as the anti wolf of wall street balkin is challenging the status quo on wall street by leading the intellectual debate embracing the 1 trillion frontier impact investment market opportunity the book demonstrates conclusively that if we can change the culture in finance we can change the world for the better
